

Change Notice

IS Series

New Logo, Dot with Lot No. & Elimination of Japan Marking on Switch Case; Changes to Product Packaging

Type of Change:

- Engineering
- Part Number
- Product
- Appearance

The new NKK logo will be replacing the old one, and the word “Japan” will no longer appear on the bottom of the switch case. On one of the sides, the lot number will be visible with a dot above it. In addition, there will be modifications to product packaging; the shipping box will indicate “China Factory” on its side. These changes are outlined below, and will effect both standard and custom products for the IS Series.

Changes in Markings on Case for SmartSwitch Products

	Bottom View	Side View	Shipping Box
Before Change	<p>Old Logo Japan Marking</p>	<p>Example of Old Lot No.</p>	
After Change	<p>New Logo Japan Marking Eliminated</p>	<p>Example of New Lot No. With Dot Mark</p>	<p>“China Factory” will be printed on side of box</p>

Notes

There are no changes to the switches’ dimensions or specifications. Depending on model, there may be minor differences between the locations of the Japan mark and lot number on the switch case. Contact the factory if more details are needed.

Effective Date

Changes to IS Series case and product packaging will be effective January 2015.
