

# Change Notice

# WT, WR & WB Series

## Change to Labels for W Toggles, Rockers & Pushbuttons

Type of Change:

- Engineering     Part Number
- Product         Appearance

WT, WR and WB Series with the PSE marking will have changes to the identification labels on the switch bodies, and the old logo will be replaced with the new one. The change will effect both standard and custom models, and includes all WT and WB models, and WR rockers with screw lug and wire lead terminals. The following table shows examples of the differences before and after the modification. The part number tables show standard models of each series effected by the change.
