NKK Switches REACH Compliance

7850 East Gelding Drive • Scottsdale, AZ 85260-3420

As of **June 2007**, above listed NKK Switches' products are all in compliance with the requirements of the current REACH Regulation, EC 1907/2006, including any exemptions currently in effect. The 174 substances listed as of 7/7/17 in the link below are not present at or above 0.1%.

As found on <https://echa.europa.eu/candidate-list-table>

NKK Switches will not register any substances with European Chemical Agency (ECHA) for the following reasons:

1. NKK Switches production volume imported into the EU does not exceed 1 ton per year and no substances are discharged intentionally from NKK Switches' products.
2. NKK Switches production volume imported into the EU, including substance of very high concern (SVHC), does not exceed 1 ton per year limit.

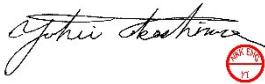

This Certificate of REACH Compliance does not apply to below listed series.

Switch Type	Series	Segregating Attribute
Tactile	JB	Case by case based on part number.
Keylock	SK	Disposable boot on Process Sealed versions only. All others compliant.

*Contact to environmental@nkkswitches.com for above series REACH information

This certification is based on information provided by NKK Switches of America and/or suppliers and is accurate to the best of our knowledge.

This certification is valid unless superseded by a revised certification at a later date.
