Changes for SB Pushbuttons

I. The location of production will change for specific SB Pushbuttons from the Japan factory to the Philippines factory. The place of manufacture will no longer appear on the bottom of switches, and the lot number on the switch case will have a dot mark above the second digit. The box in which the switches are packaged for shipping will read "PHILIPPINES FACTORY" instead of "JAPAN FACTORY." All of these modifications will apply to standard, custom and UL/CSA approved products.
