MR & MRB Series

Changes to Location & Production for MRT & MRB Rotaries

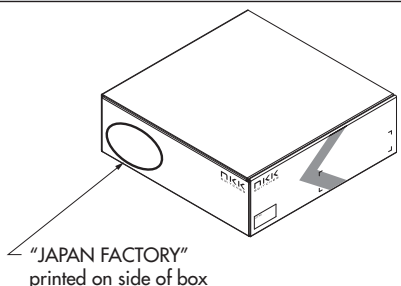

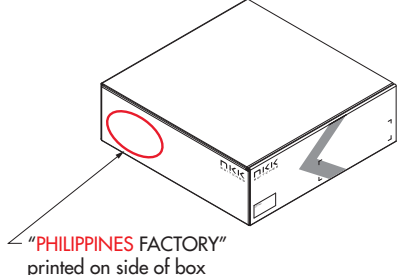

Type of Change:

- Engineering
- Part Number
- Product
- Appearance

1. The location of production will change for MRT and MRB Rotaries from the Japan factory to the Philippines factory. The place of manufacture will no longer appear on the bottom of switches, and the lot number on the switch will have a dot mark above the second digit. The box in which the switches are packaged for shipping will read "PHILIPPINES FACTORY" instead of "JAPAN FACTORY." All of these modifications will apply to standard and custom products.

Changes for MRT & MRB Rotaries

	Identification	Lot Number	Shipping Box
Before Changes	"JAPAN" On Case for MRB On Identification Plate for MRT	Example of Lot Number 69	 <p>"JAPAN FACTORY" printed on side of box</p>
After Changes	"JAPAN" Removed	Example of Lot Number with Dot Mark Above Second Digit 6[•]9	 <p>"PHILIPPINES FACTORY" printed on side of box</p>

Notes

There are no changes to the switches' dimensions or specifications.
The location of the Lot Number on switch may vary depending on the part number.
Contact the factory if more details are needed.

* MRB & MRT Rotaries Effected by Location & Production Changes			
MRB12B	MRB12H	MRB14B	MRB14H
MRB22B	MRB22H	MRB24B	MRB24H
MRT22	MRT23	---	---

* Part numbers include any knob option (codes A, B, or C) with any knob color (No Code, A, B, C, E, F, G or H).

Effective Date

Changes to MRT and MRB Rotaries will be effective September 2017.

Addition of New Logo & UL Factory Code for MRT Rotaries

Changes for MRT Rotaries

Type of Change:

- Engineering Part Number
- Product Appearance

2. MRT Rotaries will have a change on the switch case that will include both standard and custom devices. The updated logo will replace the factory name "NIKKAI". The table illustrates the difference.

	Before Changes	After Changes
Identification on Switch	Factory Name NIKKAI	Updated NIKK
* MRT Rotaries with New Identification		
	MRT22	MRT23

3. MRT Rotaries with UL approval will have a change on the switch case to include both standard and custom devices. Previously, the UL symbol appeared on the case without a factory code. After the change, the code 080 will appear next to the UL symbol. The table illustrates the difference.

UL Factory Code Change	
Before Change	After Change
UL Approval & No Factory Code	UL Approval & Factory Code Added
	

Notes

There are no changes to the switches' dimensions or specifications in relation to the above revisions. The location of the UL code on switch may vary depending on the part number. Contact the factory if more details are needed.

* MRT Rotaries with New UL Factory Code	
MRT22/U	MRT23/U

* Part numbers include any knob option (codes A, B, or C) with any knob color (No Code, A, B, C, E, F, G or H).

Effective Date

Changes to MRT Rotaries will be effective September 2017.
